PROFESSIONAL SUMMARY

Dedicated Full Stack Developer who has a passion for continuous learning and leveraging cutting-edge technologies to design, develop, and maintain web applications.

EXPERIENCE

Full Stack Developer II, Advocates for Human Potential, Inc. May 2022 — Present

- Spearheaded the design and frontend/backend development of a highly successful web application called California Data Center, utilized by prominent government clients.
- Collaborated with the development team to contribute to database management tasks, ensuring efficient integration and maintenance of the web application.
- Led the discovery and resolution of security vulnerabilities in backend code, particularly within user authentication and permissions systems. Guided the team in developing more secure code for improved data protection.
- Conducted regular code reviews, providing constructive feedback and ensuring adherence to best practices and coding standards.
- Delivered 20+ technical training sessions/meetings for internal employees, fostering skill development and knowledge dissemination across departments and technical teams.

Account Manager, TransPerfect Translations May 2021 — May 2022

- Demonstrated exceptional leadership skills by managing the entire lifecycle of client accounts, tracking and managing interactions, opportunities, and progress.
- Collaborated closely with project managers to successfully provide software or products sold, ensuring seamless project delivery and client satisfaction.

EDUCATION

University of Southern California, Business Administration, Bachelor of Science
