## PROFESSIONAL SUMMARY

---

A dedicated Frontend Engineer that has a passion for continuous learning and leveraging cutting-edge technologies to build visually stunning and user-friendly websites.

## EXPERIENCE

---

### Web Developer, Advocates for Human Potential, Inc. May 2022 — Present

- Spearheaded the design and frontend/backend development of a highly successful web application utilized by prominent government clients.
- Led the end-to-end creation, design(UX/UI), and management of additional websites, overseeing a portfolio of over 10 impactful sites as the sole engineer.
- Collaborated with the team to contribute to database management tasks, ensuring efficient integration and maintenance.
- Conducted regular code reviews, providing constructive feedback and ensuring adherence to best practices and coding standards.
- Solely developed and delivered technical training videos and meetings for internal employees, effectively disseminating knowledge and promoting skill development.

Technologies: Vue 3, Node, Express, SQL, AWS, TypeScript, styled-components, CSS, Tailwind, Google Analytics, WordPress, Drupal, Kentico

### Account Manager, TransPerfect Translations May 2021 — May 2022

- Led the entire West Coast region for healthcare and media sales, managing key accounts such as Blue Cross and NBCU.
- Demonstrated exceptional leadership skills by managing the entire lifecycle of client accounts, tracking and managing interactions, opportunities, and progress.

## EDUCATION

---

University of Southern California, Business Administration, Bachelor of Science
