PROFESSIONAL SUMMARY

Dedicated self-taught and professional Full Stack Developer passionate about continuous learning and leveraging cutting-edge technologies to design, develop, and maintain web applications.

PROFESSIONAL EXPERIENCE

Full Stack Developer II, Advocates for Human Potential, Inc. May 2022 — Present

- Spearheaded the front end web design (UI / UX) development of a highly successful web application utilized by prominent government clients.
- Collaborated with the development team to ensure optimized database management, data storage, and ensuring efficient integration and maintenance of the web application.
- Conducted regular code reviews, providing constructive feedback and ensuring adherence to best practices and coding standards.

Key Achievements

- Led the discovery and resolution of high-security vulnerabilities in back end code over the course of 3 weeks, particularly within user authentication and permissions systems.
- Initiated and led the implementation of automated tests in the continuous integration and continuous deployment (CI/CD) pipeline, streamlining the development process by reducing code bugs by 25%, leading to more efficient project deliveries.
- Mentored internal employees through 20+ technical training sessions, fostering professional development and knowledge dissemination across departments and technical teams.

Account Manager, TransPerfect Translations May 2021 — May 2022

- Demonstrated exceptional leadership skills by managing the entire lifecycle of client accounts through effective communication, managing interactions, and problem-solving.
- Project-managed and organized all accounts to successfully provide software or products sold, ensuring seamless project delivery and client satisfaction.

EDUCATION

University of Southern California, Business Administration, Bachelor of Science
